Special Message from Anjana Srivastava Executive Vice President, North America

Dear GNLD Family,

Happy New Year! It's a new decade and 2010 is the year for your business to soar! Start the new year with a powerful combination of business and product presentations—Opportunity 2010 meetings plus Product Seminars in February make a powerful combination!

We kicked off the year with the first Global Opportunity 2010 meetings in the Los Angeles and San Francisco areas and what a success they were! Those in attendance went back with renewed belief and commitment. Our Distributor speakers were fantastic and everyone enjoyed the valuable presentations given by Jerry Brassfield and Roget Uys. The North America Opportunity 2010 event continues in March with meetings in Atlanta and Toronto! If you haven't already registered, I strongly urge you to do so.

We are very excited about the GR² Weight Loss Challenge—a fantastic way for you to look and feel your best, and boost your business!

It's a new year—get ready for a successful one!

The recent catastrophic events in Haiti have shown us all how important it is to always be ready with a helping hand. To that end, GNLD International and our staff are making monetary donations to the International Red Cross with the hope that it will bring some relief to those most in need—and we hope that you find yourself in a position to do the same. The relief agency you choose and the form of your donation are not as important as the act of helping, for this is what truly makes us a family.

EVENTS

Dear GNLD Family Member,

Every day we are reminded that the world is getting smaller, that people around the globe are connected to one another like never before. But it is during times of great human suffering that we are most reminded of what this really means.

The recent catastrophic events in Haiti have shown us all how important it is to always be ready with a helping hand. To that end, GNLD International and our staff are making monetary donations to the International Red Cross with the hope that it will bring some relief to those most in need—and we hope that you find yourself in a position to do the same. The relief agency you choose and the form of your donation are not as important as the act of helping, for this is what truly makes us a family.

Sincerely,

A handwritten signature in black ink that reads 'Anjana' in a cursive script, with a horizontal line underneath the name.
